COLLEGE PREPARATORY

Dear Parent or Guardian:

If you are unable to consistently connect to internet at home, Cox is offering a special program for students. We've partnered with Cox to connect students that do not have an internet connection at home through their Connect2Compete program. This program will ensure your student (s) continue learning at home.

The Cox Connect2Compete program is available to families who:

- have at least one child that attends Bourgade Catholic High School,
- participates in one of these government subsidy programs: The National School Lunch Program, SNAP, TANF or Public Housing. Bourgade does not offer the National School Lunch Program, however if other students in the household participate in this program at a different school, the entire family is eligible for this Cox program,
- are not a current Cox internet customer

For a limited time, Cox is offering the first two months free and access to a free month of remote helpdesk support to provide peace of mind and easy access to new technology. If your household meets these criteria, you may qualify for discounted home internet service from Cox for just \$9.95 per month after the first two months.

There are no deposits or annual contracts with Connect2Compete, and installation with in-home wifi equipment is included at no additional charge.

Find out if you qualify by visiting www.cox.com/c2c and start an application. You may also email connectnow@cox.com. If you need assistance with the application, please email info@bourgadecatholic.org and we will contact you right away.

Sincerely,

Javier Bravo
